

Thank you for the opportunity to bid your project. I look forward to providing you with a superior product, which will give the Community many years of trouble-free service. Should you wish to discuss further ways and means to make this project as efficient and cost effective as possible, please feel free to give me a call to discuss.

MODEL – GSR HERITAGE SERIES

As manufactured by Global Sport Resources – Leduc County, AB

Demountable or permanent modular galvanized steel framing system. Constructed of steel angle and formed endplates. Steel frame depth is 6". Typical panels are 96" long with two formed endplates and one vertical post

DIMENSIONS – PLAYING SURFACE:

200' x 80' x 48" tall with a 28' radius

GATES & HARDWARE

ACCESS GATES:

30" access - Qty. 2 (straight sections)

MACHINE GATES:

120" access. Double 60" leaf - Qty. 1 (straight section)

MACHINE GATE HARDWARE:

Hinges are heavy duty plated steel with incorporated grease ports. They are manufactured in a way that allows for easy adjustability of the gate leaves.

ACCESS GATE HARDWARE:

Hinges assemblies are heavy duty plated steel piano hinge style with grease ports. Latch assembly is heavy duty plated steel

ASSEMBLY HARDWARE:

Bolts, nuts, and washers to be plated steel

CLADDING

MATERIAL:

UV Stabilized High Molecular Weight Polyethylene (HMWDPE). Panels are split into rabbeted 48" wide sections to allow for seasonal expansion and contraction

PLAYING SURFACE:

Cladding = 1/2" White

Top Plate = 1/2" Blue "H" cell (reduces scratching and scuffing)

Kick Strip = 1/2" White

THRESHOLDS:

Access Gate = 1" White Sanalite® on 6 1/2" tall galvanized steel frame

Machine Gate = 1" White Sanalite® on 6 1/2" tall galvanized steel frame

FASTENERS:

HDPE attached with 1/4" – 20 machine screws with locking nuts. Zinc plated, and color matched to puck board

OFFICIAL LINES:

Official lines installed flush in the vertical surfaces of dasher board cladding

ANCHORS:

TBD

3/4" J bolts or wedge anchors and laser cut 3/8" anchor plates provided.

Foundation provided by others (concrete pilings, curb or slab).

CHAIN LINK SHEILDING:

Uprights= 2 3/8" OD x .083" wall galvanized fence post

Horizontals = 1 5/8" OD x .083" wall galvanized fence post. 2 rows throughout system with the exception of behind goals which uses 3 rows to minimize mesh curling.

OPEN CONCEPT BENCHES:

Supply and Install of 2 x 16' benches – 9.5" aluminum plank, clad in textured Blue HDPE. Mounted on aluminum bench pedestals. Installed on 2x6 treated lumber platform sheathed in 3/4" treated plywood and covered in premium black rubber skate tile. Perimeters of platform are clad in blue HDPE
